

Student Cartoon Contest

\$100 Prize!

This year Perth County Sustainability will offer a \$100 prize for a hand-drawn student cartoon dealing with climate change and related problems. We're hoping for something positive, something brave, something that will encourage people to take action.

Perth County elementary and secondary students are invited to enter; your drawing must be your own work, and it must comment on an environmental problem. You can submit online, or drop your cartoon off at the Falstaff Centre in Stratford (use the mailbox on the Elizabeth Street side). The last day to submit your entry is August 31, 2025.
